

104 Squarefold

A separate unit for any booklets or an integrated option available in all our booklet making systems.

The Morgana Squarefold 104 adds increased value to your booklets by giving them a professional, perfect bound look with the security of a stapled finish. This revolutionary device can be used as a hand fed unit, attached to the BM60/61 booklet maker or linked to a wide range of traditional and digital finishing devices.

Added advantages of Squarefolded books are much less packaging capacity and the ability to print onto the spine of thicker booklets. Booklets from landscape A4 to A6 size can be produced on this versatile simple to use machine.
