Your desktop solution for direct mail

Overprint envelopes fast for really effective and personalised communications. Compact and easy to use with options that facilitate handling of larger mail runs.

Productivity

- Overprint up to 14,000 envelopes per hour – no need to apply labels

- Easy to install with 'Plug'n'Play' software

- Managing complex jobs is easy with the one – touch controls and clear, concise prompts on the LCD display

- Optional stacker and additional drop tray speed up larger mail runs

Cost savings

- Print on demand – no need to hold stocks of overprinted envelopes

- Correctly formatted addresses help qualify for Royal Mail volume discounts (Cleanmail, Mailsort, Walksort)

Process management

- Manage direct marketing and customer communications in-house

- Protect your customer information by keeping in-house

- Duplicate and inaccurate addressing detection reduces wasted mailings

- Integrates easily with other Neopost mailing solutions for an efficient mailing process (folder/inserters, mail and address management software, franking machines)

Effective communications

- Personalised mailings improve deliverability and are more likely to be opened

- Print marketing messages on envelopes, even in colour

- Highly professional image from inkjet printing

- Versatile address, graphics and barcode printing for quick changes to messages or layout
